WORK EXPERIENCE

Senior Officer — Accounts

Mar 2026 – Present

NV Lands (Real Estate Firm)

Avinashi, Tamil Nadu

- Built **multi-year Fixed Asset Registers from scratch** using Tally data for Fox Dean Estates and Lords & Partners PMS.
- Applied **Companies Act Schedule II (WDV)** and **IT Act Appendix I block-of-assets** depreciation methodologies.
- Rebuilt **Charts of Accounts** for multiple entities — correcting 1,400+ ledger entries including misclassifications, duplicates, and naming inconsistencies.
- Designed a **Python-based SQFT reconciliation tool** across hundreds of property sites to identify gaps between Tally and the physical property register.
- Handled **GST filing and GSTR-2B reconciliation** — matching purchase data with GSTIN-wise supplier filings for accurate ITC claims.
- Prepared **P&L and Balance Sheet for audit closure** — ensuring schedules, supporting documents, and ledger balances were audit-ready.
- Delivered periodic **P&L reporting to management** — analysing revenue, cost trends, and margins to support business decisions.

Best Corporation Private Limited

Tiruppur, Tamil Nadu | Multi-Country: SG, ET, KE, AE, IN

- Led **month-end close activities** — accruals, prepaid amortization, expense reclassifications, and ledger adjustments across five international entities.
- Prepared **P&L, Balance Sheet, and schedules**; supported group consolidation for Singapore, Ethiopia, Kenya, Dubai, and India.
- Owned **intercompany reconciliation**: coordinated confirmations across entities, identified and resolved mismatches before close deadlines.
- Delivered **MIS reports and variance analysis** to management, converting raw ledger data into decision-ready financial narratives.
- Managed **fixed asset accounting** end-to-end: capitalization, classification, depreciation workings (WDV / SLM), and disposals.
- Performed **AR/AP reconciliations**, ageing analysis, and maintained audit-ready books at all times.
- Utilized Excel and ERP tools to **streamline reporting workflows**, significantly reducing manual processing time.
- Supported **statutory audits** by addressing auditor queries and providing schedules.

KEY FINANCE PROJECTS

Fixed Assets · Real Estate

Multi-Year Fixed Asset Register — Fox Dean Estates & Lords & Partners PMS

Built complete FARs from FY 2022–23 to FY 2025–26 from raw Tally data. Applied Companies Act Schedule II WDV rates, then corrected to IT Act Appendix I block-of-assets methodology for 104 assets (72 required rate changes). Added IT block classification, prior shortfalls, and adjusted depreciation columns.

Excel VBA · Reconciliation Automation

Automated Vendor & Intercompany Reconciliation Tool (MACRO_v7)

Built a production-grade Excel VBA macro to automate full intercompany reconciliation between two entities using raw Tally exports. Runs a 4-pass matching engine (Invoice+Amount, Narration+Amount, Amount+Date within 7 days, Amount Only) applying the rule Co1 Debit = Co2 Credit. Outputs matched pairs, unmatched ledger breakdowns, and a colour-coded Summary sheet.

Excel VBA · Payment Automation

One-Click Payment Verification Macro

Compressed a 2-hour manual pre-payment verification task into under 1 minute. With a single click, the macro cross-verifies bank account details, party name, and currency against the payment register, flagging mismatches before disbursement. Eliminates human error in high-volume payment processing and produces an auditable verification log.

Python · Reconciliation

SQFT Reconciliation Tool — Property Register vs Tally

Python-based reconciliation engine using Pandas to match property SQFT data from Tally against the physical property register across hundreds of sites. Identified a significant net gap attributed to unsold stock sites and provided management with a clean audit trail.

Chart of Accounts Rebuild — Heavenly Freeholds & Fox Dean

Audited and restructured Chart of Accounts for two real estate entities with 1,400+ ledger entries. Corrected ALL CAPS naming, duplicates, misclassified GST ITC, wrong Share Capital groupings, and fragmented TDS ledgers into a clean, audit-ready structure.
